

Name of Paper: Science of Deduction	
Code: IUHD4054	
The Objective of the Paper: - To acquaint the student with the five methodologies followed in the evaluation of prophetic traditions. - To identify the prominent publications published on each methodology of evaluation of prophetic tradition - To trace the development of the science of Hadith throughout ages	
Learning Outcome: After the completion of this subject, the student will be able to: - Recognize methodologies utilized in the evaluation of prophetic traditions, and give an example of each, compare between them, and choose the best methodology of Hadith evaluation - Identify books of history and properly profit from it in his research and analysis - Be aware of the development of the science of Hadith throughout ages, from the point of view of the development of the methodology of its evaluation and its publications	
A Synopsis of the Paper: To explain the stages by which the science of Takhreej has passed and to study two of its methods: to perform takhreej based on a narrator and to perform takhreej based on a word or more from the text of the hadith. To know the main books that are beneficial in each method. To study some of the methods of takhreej: to perform takhreej by knowing the topic of a hadith and the famous books concerning this method, along with their methodologies. To perform takhreej by looking at the state of the hadith in terms of narrators and text. To perform takhreej by reading and looking up similar texts.
